

**100% SMOKEFREE U.S. HOSPITALS AND NURSING HOMES***April 17, 2006*

Hospitals, clinics, nursing homes, and rehabilitation centers are further promoting the health and safety of their communities by voluntarily adopting 100% smokefree policies to protect employees, patients, and visitors from secondhand smoke exposure. Smokefree policies are an effective and easy way to exponentially improve a community's well-being. If you know of medical or healthcare facilities that are 100% smokefree and are currently not listed, please contact ANR at [anr@no-smoke.org](mailto:anr@no-smoke.org) or (510) 841-3032 with that information.

**HOSPITALS AND CLINICS**

The following **national** hospitals, clinics, and insurers have adopted 100% smokefree policies nationwide which extend to all their respective facilities, campuses, and office buildings.

[Mayo Clinic](#)  
SSM Health Care

The following **state** hospitals and clinics have adopted **100% smokefree campus grounds** policies that protect all employees, visitors, and patients from secondhand smoke exposure within their campuses – including but not limited to facility buildings, outdoor areas, and parking lots.

---

*\* As of October 1, 2005, all Arkansas hospital campuses, except mental hospitals, are 100% smokefree. The law does not cover the use of smokeless tobacco products. Hospitals, as well as hospital-owned and operated ambulatory surgery center centers and hospital-owned and operated free standing medical clinics, are included.*
